

KRISHNA SHARMA

B.Tech CSE - AI/ML | Python Developer | AI/ML Enthusiast

Indore, Madhya Pradesh, India | Email: Krishna.123mrkpro@gmail.com | Phone: +91 6266471092

GitHub: <https://github.com/Sharmaji2209-bot> | LinkedIn: <https://www.linkedin.com/in/krishna-sharma-a08065326>

EDUCATION

IES IPS Academy, Indore - Bachelor of Technology, Computer Science & Engineering Core (2024 - 2028)

Current Standing: 3rd Year, 5th Semester | CGPA: 7.56

Secondary Education: Class 10 - 75.6%

INTERNSHIPS & EXPERIENCE

Academy of Skill Development, Hyderabad - AI/ML Using Python Intern (12 July 2025 - 14 Sept 2025)

- Researched and built AI agents and practical computer vision automation for employee attendance.
- Explored multi-face detection algorithms, MTCNN, and real-time identification routines.

Indian Institute of Technology Jodhpur (IIT Jodhpur) - Cybersecurity Intern (23 March 2023 - 25 April 2023)

- Trained in software security solutions, defensive architectures, and endpoint threat protection.
- Analyzed malware signature heuristics and secure coding practices.

FEATURED PROJECTS

Autonomous Depth Navigation Assistant for the Visually Impaired (Signature Capstone)

- Sensorless monocular depth and obstacle system using YOLOv8-Nano + Intel MiDaS-Small.
- Formulated inverse metric calibration $d = \alpha / (\text{disparity} + \epsilon)$ with $\alpha = 450.0$.
- Engineered 80th-percentile (P80) disparity bounding-box slicing to prevent background bleed.
- Designed 3-tier asynchronous pipeline: 60 FPS video streaming + 12-16 Hz deep-learning worker.
- Built automatic forensic blackbox collision logger (<0.8m breach in Center Zone) and non-blocking SAPI5 audio.

Smart Employee Attendance System Using AI (Team Leader)

- Led team developing multi-face detection via MTCNN, Dlib, and CNN feature vector embeddings.
- Conceptualized secure state database verification model with tokenized verification.

AI-Based Autonomous Assistance System for Disabled People (Team Leader)

- Integrated ROS 2, Cartographer SLAM, YOLO object recognition, Whisper AI voice, and MQTT alerts.

TECHNICAL SKILLS

Languages: Python, C, C++ | AI/ML: PyTorch, TensorFlow/Keras, YOLOv8-Nano, MiDaS, Scikit-learn, NumPy, Pandas

Computer Vision: OpenCV, Dlib, MTCNN, CLAHE | Web & Tools: Flask, HTML5, CSS, JS, Git, GitHub, VS Code, Google Cloud

CERTIFICATIONS & ACHIEVEMENTS

- 1st Place: Yuva Utsav Science Exhibition | 2nd Place: Debate on AI for Kids (Global Skill Park Bhopal)
- Google Cloud Program (2025 & 2026) | Google Student Ambassador (1st Round) | NSS B & C Certificate
